UPDATE:

Although June has been a disappointing month in terms of what we were told to expect over the *World Cup* period, we have still benefitted from having International guests from all over the World stay with us. Originally, we were told by MATCH that all accommodation within a radius of 150km from Durban would be fully booked, this obviously did not happen, however, it was great to have the Brazilian, Paraguayan, German, Dutch, Italian, and English fans here. They have all been great to look after and brought an energetic vibe with them that has rubbed off on our entire community. Thankfully we have been really busy with conferences over this period so June ended up being a good month for us.

Once again we were honoured to have won an award at Indaba, where we received a Gold Achiever Award at the AA Travel Awards Dinner. This award is given to establishments that have been recognized by tour operators and travel agents from South Africa, the UK and Germany that offer facilities and service of an exceptional standard.

It is also great to be able to report that our decision to launch Dermalogica at Fordoun has been well received by locals and guests staying with us and we have decided to introduce a loyalty program encouraging more growth within the Spa.
