

Winter Newsletter

So much is taking place at Fordoun at the moment with our 5 new rooms nearly finished, the Restaurant Patio has had sliding doors inserted to keep the heat in during winter as well adding more space to the Restaurant. Chef, Chris Whitham has introduced our new lunch and dinner menus. Heat pumps have been put in at the Spa, and we have taken on a new body product range called Mama Mio.

Thanks must go to all those who accepted to stay part of our mailing list, I certainly don't want to send out too many mails however it is a great way for us to keep people updated with what is happening at Fordoun and at times offer value to those who may be interested in returning.

We have of late joined a Fordoun facebook page for those who would like more regular updates, if you are at all interested please click on the following link, <http://www.facebook.com/profile.php?id=660690871>

Otherwise hope this News letter find you well, cruising through winter!

Fordoun's WOW Factor

Another WOW addition to Fordoun - Arguably the best view of the Midlands.

Five new individually styled suites are due for completion at Fordoun by the middle of July. They are situated just above the existing rooms on the ridge which overlooks the sweeping lawns and dam, and to the West, the entire Drakensberg mountain range.

Huge bedrooms combined with lounge, a separate dressing room with enough space and furniture to open cases and unpack. An IT corner with workspace, indoor and outdoor showers, air-conditioning, under floor heating in bathrooms and dressing rooms. Wonderful gas fireplaces in bedroom/lounge and a large private patio to catch the afternoon sun and see the sunset over the Berg with telescopes to admire the view at closer range.

Although only 75 metres from the existing hotel structures the new suites are serviced by shuttle cart for transporting guests and luggage.
